Subject: Technology in secondary care

REQUEST & RESPONSE

1. Can you confirm how much money of its total allocation the trust has received so far under the Digital Aspirant programme?

The Trust has received £5M

2. Can you set out what the money received so far has been spent on, and how this has helped/will help the trust become more digitally mature? Funding has been spent on
 - **Inpatient, ED and Outpatient prescribing fully rolled out. This has removed all paper prescriptions excluding those for controlled drugs.**
 - **Telehealth rollout complete. This enables clinicians to work remotely and is offering patient choice in how they attend their appointment where appropriate.**
 - **eObservations for NEWS2 live across all applicable care settings in the Trust with an enhanced warning model deployed in Paediatrics and ED Paediatrics.**
 - **The Trust has deployed paperless eObservation nursing assessments for Fluid Balance, Dementia & Delirium, Nutrition, CPE, Maelor, Moving & Handling, Falls and Urinalysis.**
 - **Clinical notes for the ward Admission document and for Heart Failure, Stroke and Hip audits have been developed and are ready for live deployment.**
 - **Enhancements have been made to results acknowledgement, and to orders and results catalogues to enable electronic ordering for Endoscopy and Histology. Mobile results checking and acknowledgement has also been implemented.**
 - **eHandover implemented across all medical specialties and will soon be completed across surgical specialties. Paperfree nursing e-handover has been deployed to most wards.**
 - **Patient Flow is live on 4 wards and actively used for board rounds, flow from ED and discharge planning. Due to be rolled out across the organisation shortly.**
 - **Covid alerts live in Careflow Connect and visible across ED and inpatient areas.**

- Over 170 iPad minis and over 40 computers on wheels deployed to wards.
 - Automated Switchboard live with voice recognition which has enabled a higher volume of calls experienced during Covid reduced visiting, to be promptly directed to the required location
3. How long do you estimate it will take your trust to deliver the transformations envisaged under the Digital Aspirant programme?
The Trust Programme is scheduled to run until December 2023
4. Has the trust used any of the blueprints from the [Global Digital Exemplar programme](#) when developing its plans for the Digital Aspirant programme? **Yes**
