

Ref. No: 460100122  
From: MP  
Date: 10/01/22  
Subject: Discharge Assessment

## REQUEST & RESPONSE

- How many patients have been discharged from your trust's hospitals without assessment or have received assessment after leaving hospital?

**This information is not recorded at STHK**

- Could I please have this broken down by month for September, October, November, and December for 2021.

**Not applicable**

- May I also request the current number of patients that are fit to leave hospital but are unable to as a space in a care home or care facility is not available.

**As of the 10/01/22 Discharge Tracking List meeting there were 20 patients who were fit to leave hospital but were unable to do as a space in a care home or care facility was not available.**
