

Ref. No: 438201221
From: Public
Date: 20/12/21
Subject: UTI diagnosis during A&E admission.

REQUEST & RESPONSE

I am writing to request the following information regarding UTI diagnosis during A&E admission.

How many patients in the last 2 years (Jan 2020 to Dec 2021) attended A&E and were discharged (non-admitted) with a diagnosis of UTI?

1,979 non-admitted attendances

How many patients were still admitted regardless of diagnosis of UTI?

1,972 admitted attendances

How many of the patients attending A&E with diagnosis of UTI were women over the age of 65?

982 women over age 65 (includes those admitted and not admitted)

What is the OPCS code for women over the age of 65 being discharged (non-admitted) with a diagnosis of UTI.

The coding department confirmed that A&E use snomed codes
