REQUEST

I am trying to understand the level of clinical trials activity that is taking place in the UK. Specifically can you tell me how many commercial clinical trials have been taking place in this hospital trust during 2021?

This could be completed trials, or trials that are ongoing. When I say “commercial trials”, I mean trials that are funded or sponsored by a commercial company such as a pharmaceutical company.

RESPONSE

The total number of commercial studies during 2021 was 16.
