 From: Public
 Date: 10/02/22
 Subject: stillbirths in term pregnancies

REQUEST

We are interested in looking at the stillbirths in term pregnancies over a period of one year (financial year 2020-2021).
 We are requesting this information under the FOI guidelines.
 We have a template .xls file which will allow for the data to be filled in easily.
 If your Health Board/NHS trust has more than one maternity unit, the data for all can be amalgamated in the table.
 This data is reported to national bodies routinely but the details we are seeking are not searchable, hence the FOI.

RESPONSE

Name of Hospital/Trust/Health board	St Helens and Knowsley NHS Trust						
Total number of singleton births In 2020-2021 (financial year)	3676
