

Ref. No: 162240622
From: Public
Date: 24/06/22
Subject: learning disability liaison nurses

REQUEST

Thank you for your response to my FOI 132140622.

I just had a follow-up query. You mention 1 acute liaison nurse employed within the safeguarding team. Could you confirm whether this is a nurse who works full time as an acute liaison nurse for learning disabilities; or a learning disability registered nurse who is part of the wider safeguarding team?

RESPONSE

The Learning Disability Specialist Nurse works within the Quality and Risk Safeguarding Team, however the role is provided specifically to support the Learning Disability Agenda; the Nurse does not provide any additional safeguarding support.
