

Ref. No: 649
From: Commercial
Date: 26/04/23
Subject: Hand Hygiene Products Purchased

REQUEST

Regarding Hand Hygiene products purchased for the use by staff and patients, for the financial year 2021-2022 & 2022-2023.

Please include the following data:

- The product order code as detailed on: [Welcome - NHS Supply Chain Online Catalogue](#) (for example VJT119)
- The product full description
- The total number of units (eaches) purchased.
- The total spent for the periods stated above.

The product categories are as follows:

- Hand Wash (liquids, Gels or Foams)
- Alcohol-Based Hand Disinfectants (liquids, Gels or Foams)
- Moisturising Products (liquids, Gels or Foams)
- Alcohol-Free / Low Alcohol hand sanitiser products (liquids, Gels or Foams)
- Hand protection/barrier creams/lotions/ointments, antimicrobial emollients, and skin emollients
- Hand wipes with antiseptic qualities either individually wrapped or other

Please see embedded document which contains reports from NHS Supply Chain covering all products purchased from NHS Supply Chain during 2021/22 and 2022/23 financial years with the following e-Class codes to capture products in scope of the request.

MTB – Personal Hygiene Equipment
