## Would you like to make a difference to our patients' and visitors' experience?

We are looking for volunteers to help us to make our patients' and visitors' experience more comfortable and remove the feeling of loneliness.

This is very much a helping role and does not involve any hands on care or treatment.

Opportunities are available in Whiston, St Helens hospitals and Newton Community Hospital; assisting on wards, outpatient clinics, maternity and many other patient areas.

Special skills or qualifications are not necessary as guidance and training will be given.

All of our volunteers are valued, supported and part of a team. A uniform and any necessary training will be provided, and out of pocket expenses reimbursed.

If you are over the age of 16 and feel that you would like to make a difference, please contact us for more information at Volunteer Services Department:
